Gacek Design Group Unveils *Beyond Gatsby* Interior Design

2013 Bucks County Designer House & Gardens Opens with Success

New Hope, PA. April 28, 2013 – Gacek Design Group of New Hope, PA has been selected as a preferred designer to create an interior design for this year's Bucks County Designer House & Gardens. The living room space, entitled *Beyond Gatsby*, is the grandest room in the estate and its 1920s architectural style is reminiscent of the era, a prosperous time in American history.

The inspiration for the living room, *Beyond Gatsby*, is taken from elements evident during this time – an intricate Art Deco style, custom tailored fashions and the glamorous backdrop of high society entertaining.

Richard Gacek, owner and principal designer of Gacek Design Group states, "We are complimented by the selection and proud of our interior which evokes a classic and glamorous design style. With Art Deco in vogue, and the release of the movie, *The Great Gatsby* starring Leo DeCaprio in a few weeks, unveiling a room with this design style could not have been more perfect."

Jo-ann Cunning, Chairman of the Designer House Committee added, "Gacek Design Group worked diligently with the highest level of professionalism and we truly appreciate Richard's time and talents."

The historical Clement Doyle House is located at 360 Old Dublin Pike in Doylestown, PA. Tours are available now and run until Sunday, May 26, 2013. For more details, please visit www.buckscountyledesignerhouse.org
